

# grain-free { } planet

My \_\_\_\_\_ Manager,

Would you please carry Grain Free Planet's Cookies in your store?

I would love the convenience of being able to purchase their naturally delicious Gluten free, grain-free products in your store. These cookies taste like Mom just pulled them out of the oven and they fit the needs of many individuals with different allergies. They are grain-free, rice-free, xanthan gum free, gluten-free, and corn-free, along with being low in sodium. The peanut butter cookies are also dairy-free and soy-free. The cookies are made with high quality ingredients like almonds, flaxseed, hazelnuts, agave nectar, legumes and 60% cocoa chips. With their high protein flour and natural sweeteners, they're the perfect cookie!

The cookie flavors are:

*They also sell frozen cookie dough, so you can bake them at home!*

To further Discuss Grain-Free Planet product placement in your store, contact:
